Logistics Without Limits

Company

WD Logistics, is a Saudi owned company based in Dammam KSA. **WD Logistics**, was officially opened for business in 1997.

WHO WE ARE

At WD Logistics, we have over two decades of experience in the logistics sector, building strong partnerships with clients across multiple industries. Since our establishment in 1997, we have been committed to delivering tailored logistics solutions to meet the unique requirements of each customer. Our primary focus is on providing comprehensive services in Customs Clearance, Sea, Air, and Land Transportation, with specialized expertise in the Oil & Gas Industry.

VISION

Our vision is to become the leading provider of logistics and transportation solutions in the Middle East.

MISSION

Our mission is to provide seamless movement for people, services, and goods. We aim to offer efficient and cost-effective solutions by leveraging our expertise, global network, and advanced systems. We are dedicated to fostering long-term partnerships with our clients, facilitating their business growth, contributing to the economic development of the regions they serve, and making a positive impact on society through sustainable practices.

02 | Services

Our Services

WD Logistics offers a wide range of logistics services, tailored to meet the specific needs of our clients across various industries:

1. Customs Clearance and Freight Forwarding

As one of the most trusted customs brokers in the region, we handle import and export shipments through all gateways (Sea, Air, and Land). Our expert team specializes in Full Container Load (FCL), Less than Container Load (LCL), Break-Bulk, Ro/Ro, and project cargo. We ensure timely and efficient customs clearance and freight solutions for shipments of all sizes.

2. Land Transportation

We provide fast and reliable land transportation services throughout Saudi Arabia and the GCC region. Our fleet includes flat-bed trailers, covered trailers, and low-bed trailers, operated by experienced drivers. We offer terminal facilities and handle rig moves and other specialized transportation needs in the Oil & Gas sector.

3. Warehousing, Packing, Consolidation, and Distribution

Our secure warehouse facilities are equipped with cranes and forklifts, ensuring the safe handling of all types of cargo. We offer packing, consolidation, de-consolidation, and labeling services, as well as secure storage, to meet international standards and client requirements.

4. Equipment Rental

We provide long-term rental solutions for heavy equipment and trucks, customized to meet the client's demands. Our fleet supports a variety of operations, including rig moves and other industrial transportation needs.

5. Project Cargo Coordination

WD Logistics is experienced in managing complex project cargo logistics, particularly in support of Saudi Arabia's ongoing development. Our services include heavy haulage coordination, lifting equipment management, shipment monitoring, and tracking to ensure smooth execution of every project.

Customs Clearance and Freight

We are one of the most reputed Custom Broker in the region. We clear both Import and Export shipments that come through all gateways (Sea / Air / Land). With our professional team who could tailor freight solutions for the smallest to the largest shipment as per the customer's requirement

Our Clearance team is well experienced and has undergone training courses conducted by Customs Authority under the supervision of Chamber of Commerce. Having excellent business relationship with the major carriers calling into this trade route, we are able to maintain a fixed schedule to and from all strategical locations worldwide ,We are experts in handling freights of all kinds - Full Container Load [FCL], Less than Container Load [LCL], Break-Bulk, Ro/Ro, Heavy Lift and Projects.

Our Clients

04 | Our Projects

At WD Logistics, we have a proven track record of successfully managing complex logistics projects.

Logistics **Without** Limits

Bus Transport for Major Event

Client: Saudi Government
Scope: We were tasked with transporting four large buses from Dammam Sea Port to Riyadh Airport.
Challenges: The oversized dimensions (16 meters long, 3 meters wide, and 3 meters high) required special handling and route planning.
Solution: Our project coordination team meticulously planned the transport route, obtaining special permissions for oversized loads and ensuring safe transit. The delivery was completed ahead of schedule, ensuring the buses were ready for the event.

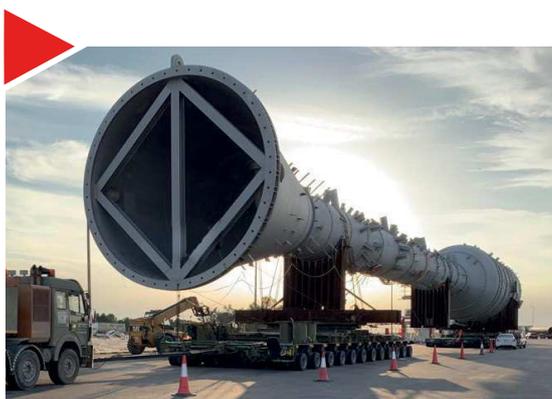

3 m **16 m** **3 m**
 Width Length Height

Transformer Export to Riyadh

Client: EPC Contractor in the Energy Sector
Scope: A 200-ton transformer had to be cleared and transported from Dammam to Riyadh.
Challenges: The sheer weight of the transformer required specialized heavy-lift equipment and transportation vehicles.
Solution: We employed a specialized low-bed trailer and arranged for all necessary road permits. Our team closely monitored the move from start to finish, delivering the transformer safely and on time for installation at the client's project site.

200+
 Tons

Oil Rig Spare Parts Transport

Client: Oil & Gas Company

Scope: We provided customs clearance and land transportation for critical oil rig spare parts from Dammam to Kuwait within 24 hours.

Challenges: Time was a significant constraint, as the rig was in urgent need of the parts to avoid costly downtime.

Solution: Our customs clearance team worked around the clock to ensure the parts were cleared within hours. We arranged for immediate transport and managed to deliver the parts in record time, helping the client avoid production delays.

Heavy Equipment Export from Bahrain to Egypt

Client: International Contractor

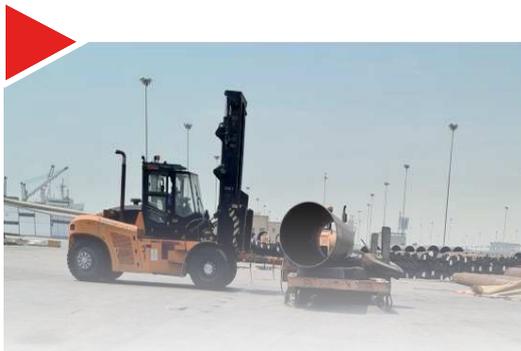

Scope: WD Logistics was responsible for the customs clearance and transportation of four pieces of heavy equipment from Bahrain to Egypt.

Challenges: Each piece of equipment had unique weight and size specifications (ranging from 7 tons to 19 tons), making it critical to coordinate proper transport methods and customs procedures.

Solution: Our team carefully planned the logistics for each stage, coordinating between the supplier, customs authorities, and transport providers. With precise scheduling and specialized equipment, we ensured the safe and timely delivery of all four pieces to the port in Egypt.

7-19 Ton

Pipes Export from Dammam to Jubail

Client: Industrial Contractor

Scope: We coordinated the loading, clearance, and export of 600 pipes from Dammam to Jubail Sea Port for international shipment.

Challenges: The challenge lay in managing the large quantity of pipes while ensuring safety and efficiency during loading and transportation.

Solution: Our logistics team worked in close collaboration with the port authority to schedule loading operations during off-peak hours. The pipes were loaded and shipped without incident, ensuring timely arrival at their overseas destination.

 **600+**
Pipes

Client: Electric Company

Scope: Transporting 40-ton loads (6m long, 5.95m wide, 3m high) from Dammam's 3rd Industrial City to Oman.

Challenges: Oversized dimensions and coordination for a large number of trips.

Solution: WD Logistics has completed 200 out of 950 planned trips, moving 8 trucks weekly according to the customer's schedule.

 **40**
Ton

Our Projects

Client: Oil and Gas Company
Scope: Transport of 20 heavy and oversized portable houses from near Haradh to Dammam.

Challenges: Required multiple permits, safety vehicles, certified drivers, and a non-city route due to size and weight constraints.

Solution: WD Logistics secured permits, planned a safe alternate route, and ensured timely delivery using experienced drivers and support vehicles..

20+
 Portable
 Houses

Client: Oil and Gas Company
Scope: Completed 132 trips from Dammam to Oman, transporting 30-ton reels (2 per truck) via the Ruba'a Al Khali border.

Challenges: Desert terrain, complex export clearances, and long-distance logistics.

Solution: WD Logistics ensured timely deliveries with professional handling of both transport and export clearance.

132+
 30-ton reels
